

African Zoology continues *Zoologica Africana* and *South African Journal of Zoology* and is published by the Zoological Society of Southern Africa (<http://www.zssa.co.za>). Full-length papers and short communications on original research on any aspect of zoology in Africa (or that is relevant to Africa) and its surrounding oceans, seas and islands will be considered for publication, especially studies in: ecology; ethology; physiology; functional morphology; genetics; taxonomy; systematics and phylogeny; biodiversity and conservation as well as topics of applied zoology. The journal also invites experts to submit review articles on topics of current interest. Online submission at: (<http://africanzoology.journals.ac.za>).
