

NOTES FOR CONTRIBUTORS

SUBMISSION REQUIREMENTS

Authors should submit a letter requesting review, confirming that their article is original work, does not violate any contractual agreement and has not been published or is not under consideration for publication elsewhere. A copyright agreement must also be signed and returned to the journal editor.

PRESENTATION

Authors should submit one **hard copy** of their article on A4 paper, together with an electronic file (MS Word format). Please ensure that the **electronic file** is exactly the same version as the hard copy, and that they are the latest and final version. This is essential both for initial submission and if you are asked to revise and resubmit. The full **title** of the article should be supplied on the **title page**. The article should be **typed** in Times New Roman in 11-point font size, in double-spacing (including all notes and references), on one side of the paper only. The **length** of an article is between 5 000 and 8 000 words, research notes 2 000 words and book reviews 500 words. Do not attempt **layout**. All **notes** should be kept to a minimum and appear at the end of the article before the **list of references**. **Figures and tables** should not be embedded in the text, but be saved as separate files at the end of each article with their position clearly marked in the text. Indicate clearly in which format they were generated. Please supply typed **captions including sources and acknowledgements**.

A structured **abstract** of 200 words in length, covering the main factual points and statement of objective or problem, method, results and conclusions, should accompany an article plus a list of at least six **keywords** for abstracting and indexing services.

All articles shall be critically reviewed by at least two referees.

Please supply short biographical **details of each author** on the title page, as well as the name, mailing address, telephone and facsimile numbers, e-mail address, affiliation and country of each corresponding author at the time of the work.

REFERENCES

The **Harvard author–date system** is used, that is, references are cited in the text by the author(s) name(s), the year of publication and the page number(s) in brackets, for example, (Apollonia 1973: 370), as a key to the full list of all references that appears at the end of the article. The **list of references** should include every work cited in the text. Ensure that dates, spelling and titles used in the text are accurate and consistent with those listed in the references.
